

CAED

(PC) Abreu v. Shasta County Sheriff's Office

caed (April 28, 2025)

SUMMARY

The court dismissed plaintiff's filing styled as an amended complaint because it did not cure deficiencies identified in the prior screening order, including failure to allege personal involvement by specific defendants and lack of standing to seek an investigation of generalized misconduct. The court also explained that plaintiff could not challenge his state conviction while state remedies remained available and that his alleged mental breakdown did not satisfy the PLRA's physical-injury requirement. Plaintiff was granted 30 days to file a second amended complaint or voluntarily dismiss the action.
