QUESTIONS PRESENTED

1. Whether the scheduled tag-along action should be transferred to the Northern District of Alabama for coordinated or consolidated pretrial proceedings under 28 U.S.C. § 1407.

2. Whether the conditional transfer should be subject to a seven-day stay during which a party may file a notice of opposition.

HOLDINGS

1. The scheduled action is conditionally transferred to the United States District Court for the Northern District of Alabama for coordinated or consolidated pretrial proceedings because it involves questions of fact common to actions previously transferred to that district.
2. The conditional transfer order does not become effective until filed with the clerk of the Northern District of Alabama, and transmittal is stayed for seven days; a timely notice of opposition continues the stay until further order of the Panel.

FACTUAL BACKGROUND

The action listed on the schedule was identified as involving factual questions common to actions already centralized in the Blue Cross Blue Shield antitrust multidistrict litigation. The Northern District of Alabama consented to the transfer and assignment of the action to Judge Anna M. Manasco.

PROCEDURAL HISTORY

The Panel previously transferred actions to the Northern District of Alabama under 28 U.S.C. § 1407 and reported that additional actions had subsequently been transferred there. The Panel determined that the scheduled action involved questions of fact common to the previously transferred actions and conditionally transferred it to the Northern District of Alabama, with the consent of that court, for assignment to Judge Anna M. Manasco.
