“Material submitted under seal in connection with the Parties’ July 25, 2025, opposition filings shall not put in the public record until after the Court rules on the sealing requests to be filed on August 1, 2025.” (Order ¶ 2)

FACTUAL BACKGROUND

The parties were litigating invalidity counterclaims and were scheduled to file opposition briefs to summary-judgment motions by July 25, 2025. They anticipated that the briefs and supporting materials would include information designated confidential under a stipulated protective order. The parties sought until August 1, 2025, to file requests and evidentiary support for permanent sealing.

PROCEDURAL HISTORY

The court had established deadlines for dispositive motions concerning invalidity counterclaims, and the parties filed summary-judgment motions on June 27, 2025. Anticipating that their opposition briefs would contain protected confidential material, the parties requested additional time to review the opposing submissions and file supported permanent-sealing requests. The court granted the request and ordered that the materials remain under seal pending resolution of those requests.
